

ACTIVE DEFENSIVE 20 GBP MODEL PORTFOLIO

MONTHLY FACTSHEET

31 DECEMBER 2025

OBJECTIVE

This model comprises a wide range of diversified active investment vehicles including SICAVs and ETFs, whose managers aim to outperform their respective markets. Asset classes you could find in this portfolio are equities, bonds, alternatives, and cash. Absolute return, commodities and property may all feature within the alternative's classification.

The portfolio seeks to generate modest returns, higher than cash in the bank, over the short to medium term (3 - 5 years or more) with potential for consistent though constrained capital growth. Portfolios will typically comprise 20% equity and 80% non-equity, though weightings may deviate within set parameters, allowing managers to react to market conditions.

ACTIVE CAUTIOUS 40 GBP MODEL PORTFOLIO

MONTHLY FACTSHEET

31 DECEMBER 2025

OBJECTIVE

This model comprises a wide range of diversified active investment vehicles including SICAVs and ETFs, whose managers aim to outperform their respective markets. Asset classes you could find in this portfolio are equities, bonds, alternatives, and cash. Absolute return, commodities and property may all feature within the alternative's classification.

The portfolio seeks to generate modest capital growth higher than bond-based returns over the short to medium term (3 - 5 years or more). The portfolio will have a modest approach to equity exposure – typically comprising 40% equity and 60% non-equity – though weightings may deviate within set parameters, allowing our managers to react to market conditions.

ACTIVE BALANCED 60 GBP MODEL PORTFOLIO

MONTHLY FACTSHEET

31 DECEMBER 2025

OBJECTIVE

This model comprises a wide range of diversified active investment vehicles including SICAVs and ETFs, whose managers aim to outperform their respective markets. Asset classes you could find in this portfolio are equities, bonds, alternatives, and cash. Absolute return, commodities and property may all feature within the alternative's classification.

The portfolio seeks to generate capital growth over the medium term (5 years or more), with the aim of riding out short-term fluctuations in value. The portfolio will have a balanced approach to equity exposure – typically comprising 60% equity and 40% non-equity – though weightings may deviate within set parameters, allowing managers to react to market conditions.

ACTIVE GROWTH 80 GBP MODEL PORTFOLIO

MONTHLY FACTSHEET

31 DECEMBER 2025

OBJECTIVE

This model comprises a wide range of diversified active investment vehicles including SICAVs and ETFs, whose managers aim to outperform their respective markets. Asset classes you could find in this portfolio are equities, bonds, alternatives, and cash. Absolute return, commodities and property may all feature within the alternative's classification.

The portfolio seeks to generate capital growth over the medium to long term (5 – 7 years or more) by employing a more dynamic and growth-oriented investment strategy. The portfolio will typically comprise 80% equity and 20% non-equity, though weightings may deviate within set parameters, allowing managers to react to market conditions.

ACTIVE HIGH GROWTH 100 GBP MODEL PORTFOLIO

MONTHLY FACTSHEET

31 DECEMBER 2025

OBJECTIVE

This model comprises a wide range of diversified active investment vehicles including SICAVs and ETFs, whose managers aim to outperform their respective markets. Asset classes you could find in this portfolio are equities, bonds, alternatives, and cash. Absolute return, commodities and property may all feature within the alternative's classification.

The portfolio seeks to generate strong capital growth over the long term (7 years or more) and can potentially experience frequent and higher levels of volatility. The portfolio will typically have 100% equity exposure, though it may also include other asset classes, and weightings may deviate within set parameters, allowing managers to react to market conditions.
