OBJECTIVE

This portfolio comprises a wide range of diversified investment vehicles including unit trusts, mutual funds and exchange traded funds (ETFs), whose managers aim to outperform their respective markets. Asset classes you could find in this portfolio are equities, government bonds, corporate bonds, alternatives, commodities and cash. Active Cautious seeks to generate modest capital growth higher than bond based returns over the short to medium term (3 to 5 years or more) by employing a more cautious investment strategy than Active Balanced. The portfolio will have a modest approach to equity exposure - typically comprising 30% equity and 70% non-equity - though weightings may deviate within set parameters, allowing our managers to react to market conditions.
